IT WAS A VERY

GOOD YEAR...

“It Was A Very Good Year

We students have worked very hard to make this a profitable year. We've made many improvements which will aid in the perpetual progress of Blue Ridge Junior and Senior High School.

The gymnasium underwent improvements this year when, during the summer of 1967, a new floor was laid which improved the appearance of the gymnasium. The locker rooms have also been equipped with new lockers which make the physical education students much happier. We now have new gymnastic equipment, badminton

equipment, and other equipment that helps in all physical education programs.

The students of Blue Ridge have shown more interest toward school activities and have seemed to enjoy their school life better. They have displayed more concern for their school, and have succeeded in making the school a more enjoyable place in which to learn.

They have found that "nothing succeeds like success."

Students have been out cheering at the sporting events and they have displayed an increased interest

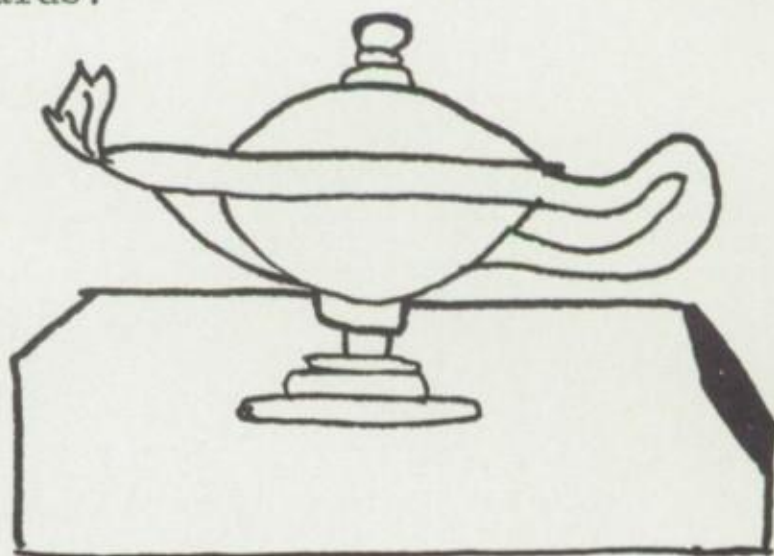

Mr. Hess smiles joyfully as another day comes to an end.

in sports and the way they are played. Students participation in sport activities has resulted. We hope for even more participation in the future years.

Better teachers have led to better curriculum for Blue Ridge. Seven new teachers joined the staff of Blue Ridge High School for 1967-1968 school year: Mrs. Connie Dierking, Mrs. Nancy Donnelly, Miss Jacque Spolinn, Mr. Lorenzo A. Allen, Mr. Alan H. Roush, Mr. James Swanson, and Mr. Benjamin Thomas. The majority of the facul-

ty members think Blue Ridge is a good school with high educational potential. We students are proud to have these new teachers, and in addition to the teachers returning from the school year 1966-1967 we hope they return and continue the elevation of our educational standards.

FAREWELL TO SENIORS

Saying farewell to Blue Ridge will not come easy for the Class of 1968. In saying good bye to those inspiring four years, well spent, we must realize that now we are looked upon as young adults ready to meet societies' responsibilities and reach our highest goals.

Many tears will be shed and many memories will be brought back. Even though we go our separate ways we will always be a part of each other as we were a part of dear ol' Blue Ridge.

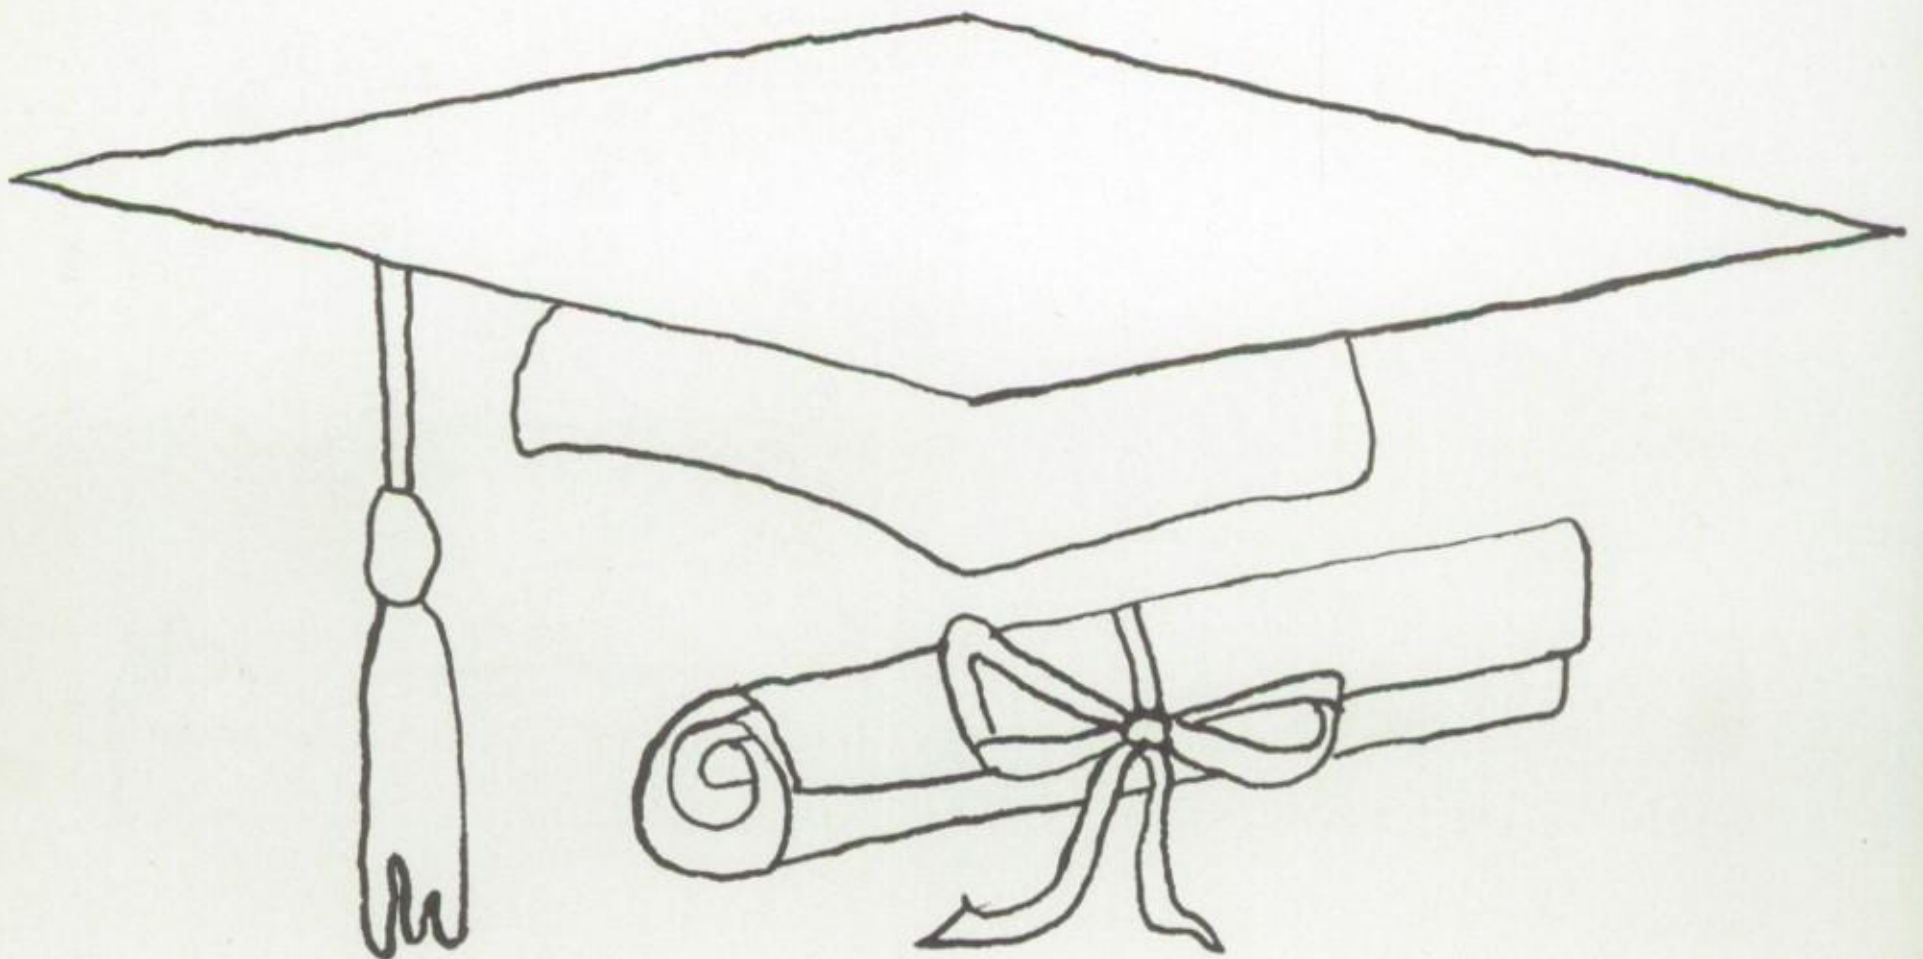

Many years may pass but we will never forget the knowledge brought to us by the faculty and the companionship of fellow students

we leave behind. In saying goodbye we thank you all for your guidance and inspiration on our lives and we hope to be able to make the best of every opportunity given us.

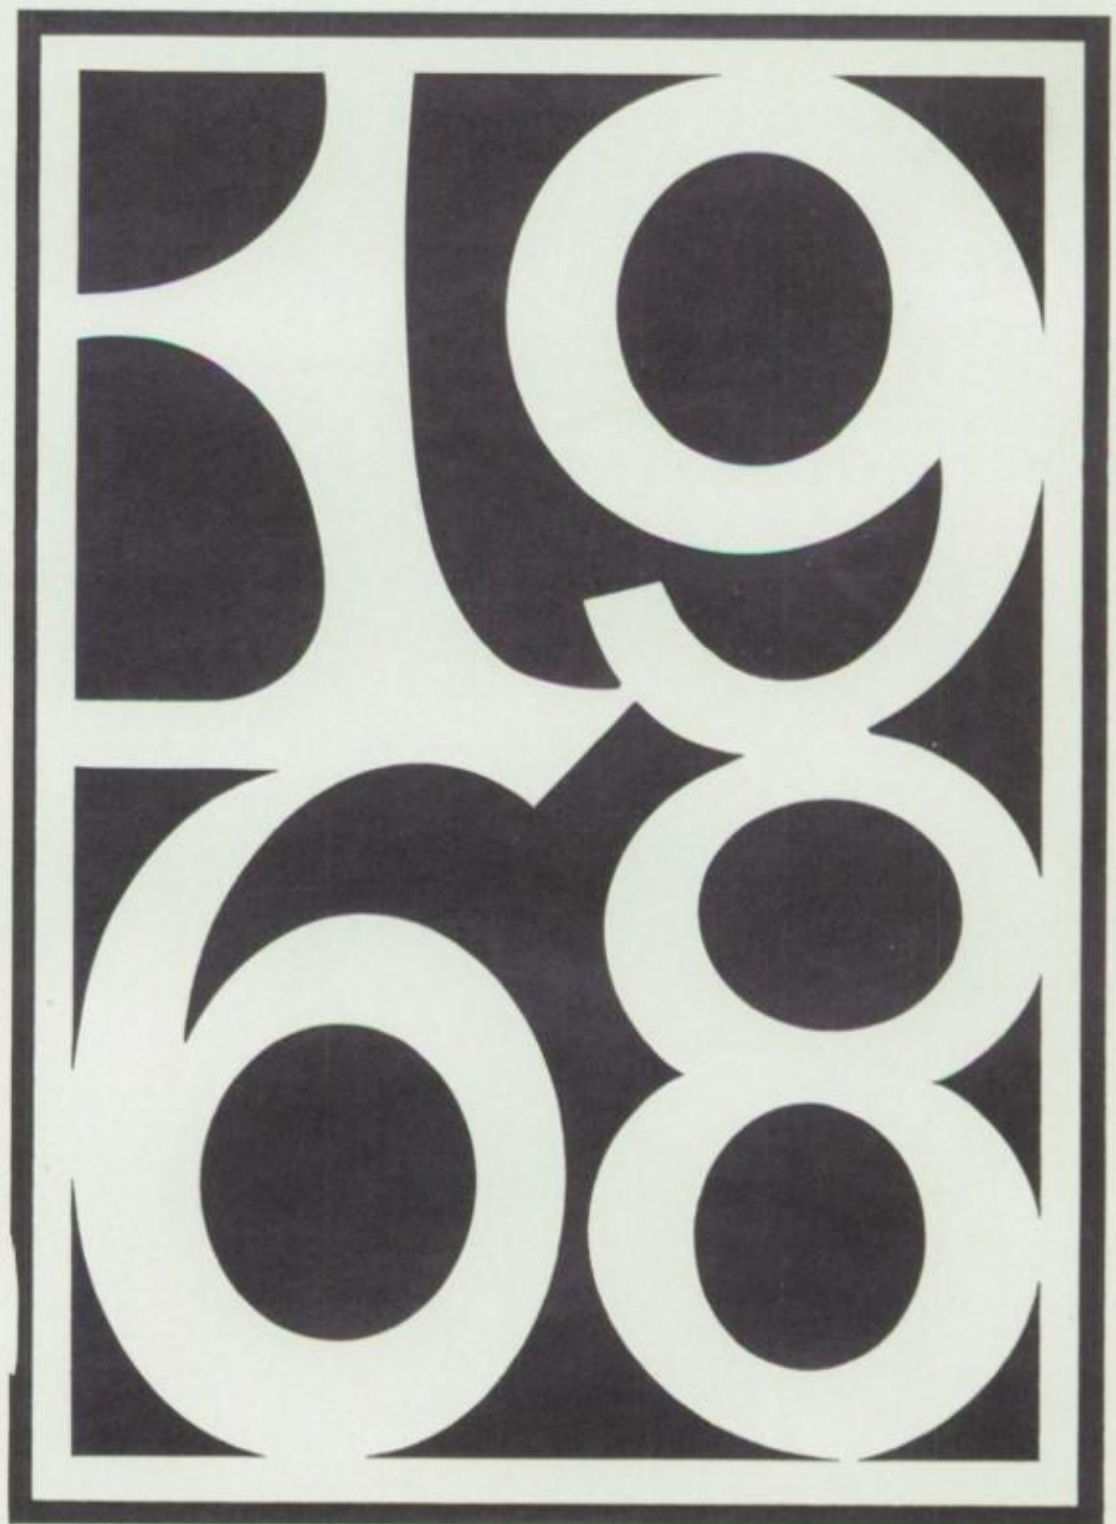

"Blue Ridge our Alma Mater, mountains we love to roam hills and streams.

Inspiring students to seek for knowledge, gladly our theme song we'll sing to make you love her too.

Ignorance is being banished we'll always cherish memories of thee—So always we'll dream of dear ol' Blue Ridge and try to come back oft in reveries."

Pom Pon girls
anticipate defeat.

After VICTORY over Alchesay Falcons, Blue Ridge students put Falcons in their place.

SCHOOL SPIRIT BECOMES FAMILIAR SIGHT

Homecoming Pep Rally comes to an end with students, as well as community members singing the Alma Mater.

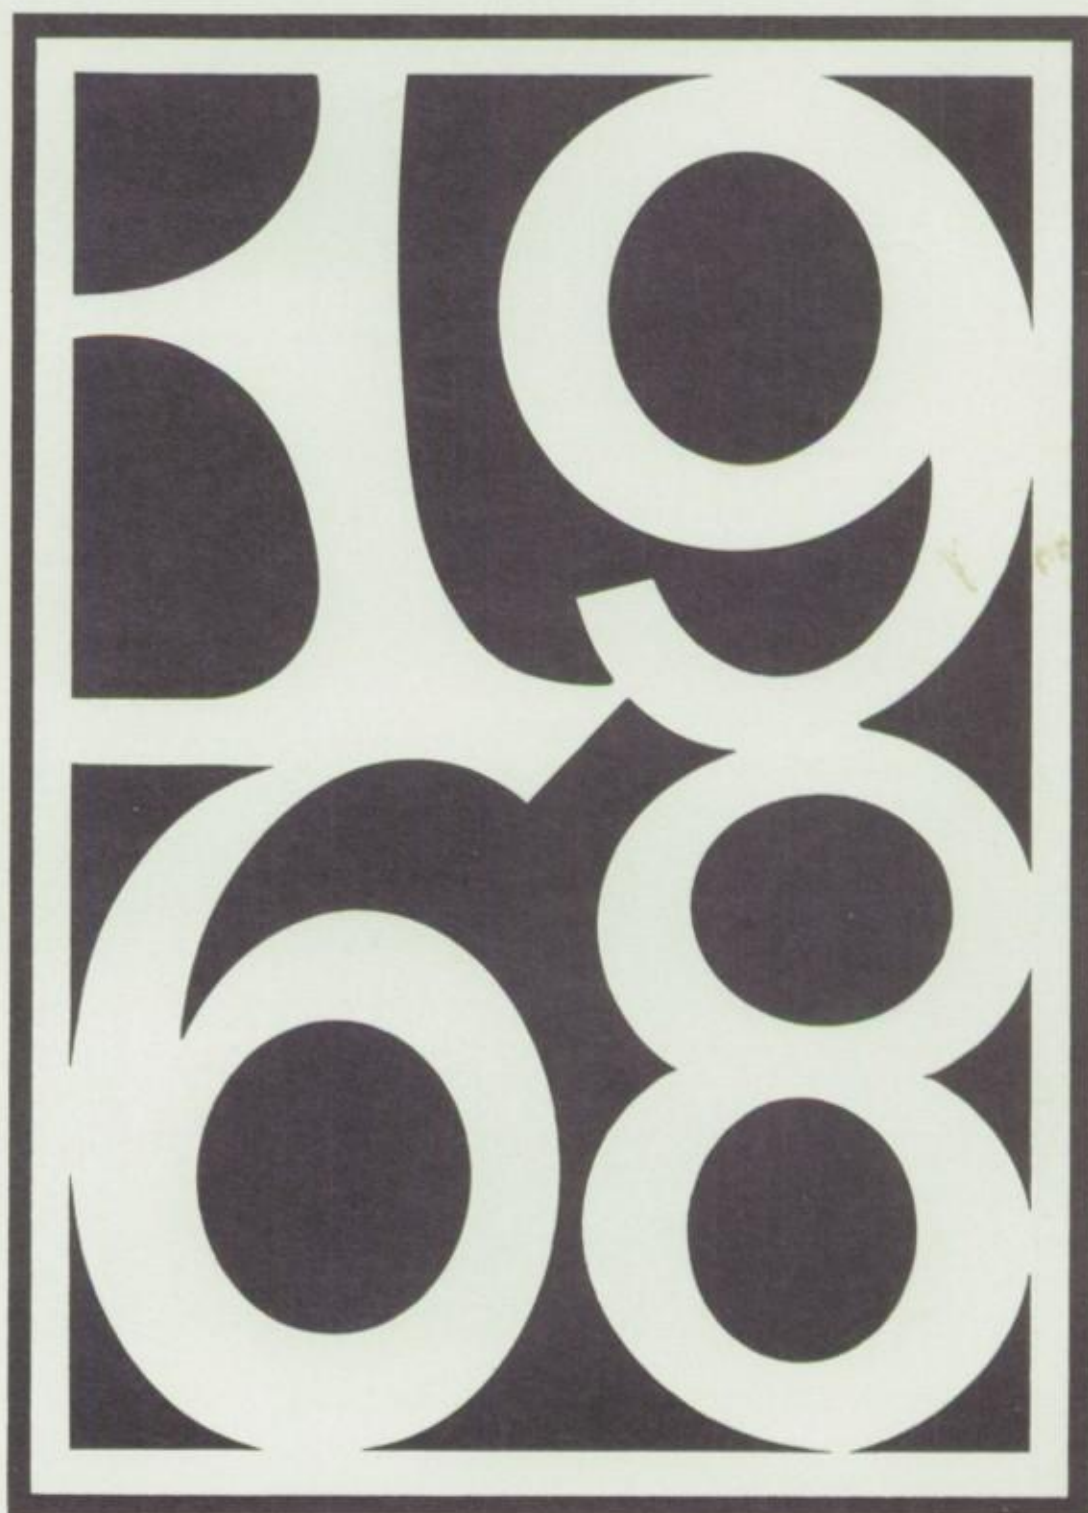

BLUE RIDGE ALMA MATER

Lakeside is the dearest village you have ever seen. Woods and hills and streams galore, lakes of finest sheen. People who are kind and cheery, neighbors all so fine, here's to happy days and joys resign.

Blue Ridge our Alma Mater, mountains we love to roam hills and streams. Inspiring students to seek for knowledge, gladly our theme song we'll sing to make you love her too.

Ignorance is being banished, we'll always cherish memories of thee. So always we'll dream of dear old Blue Ridge, and try to come back oft' in reverie.

ARIZONA'S RICHEST NATURAL RESOURCE

It's you!

Moisture, sunlight and nourishing soil make our Arizona forests grow tall and useful. Yet each tree is different from its fellows, just as you are different from your classmates.

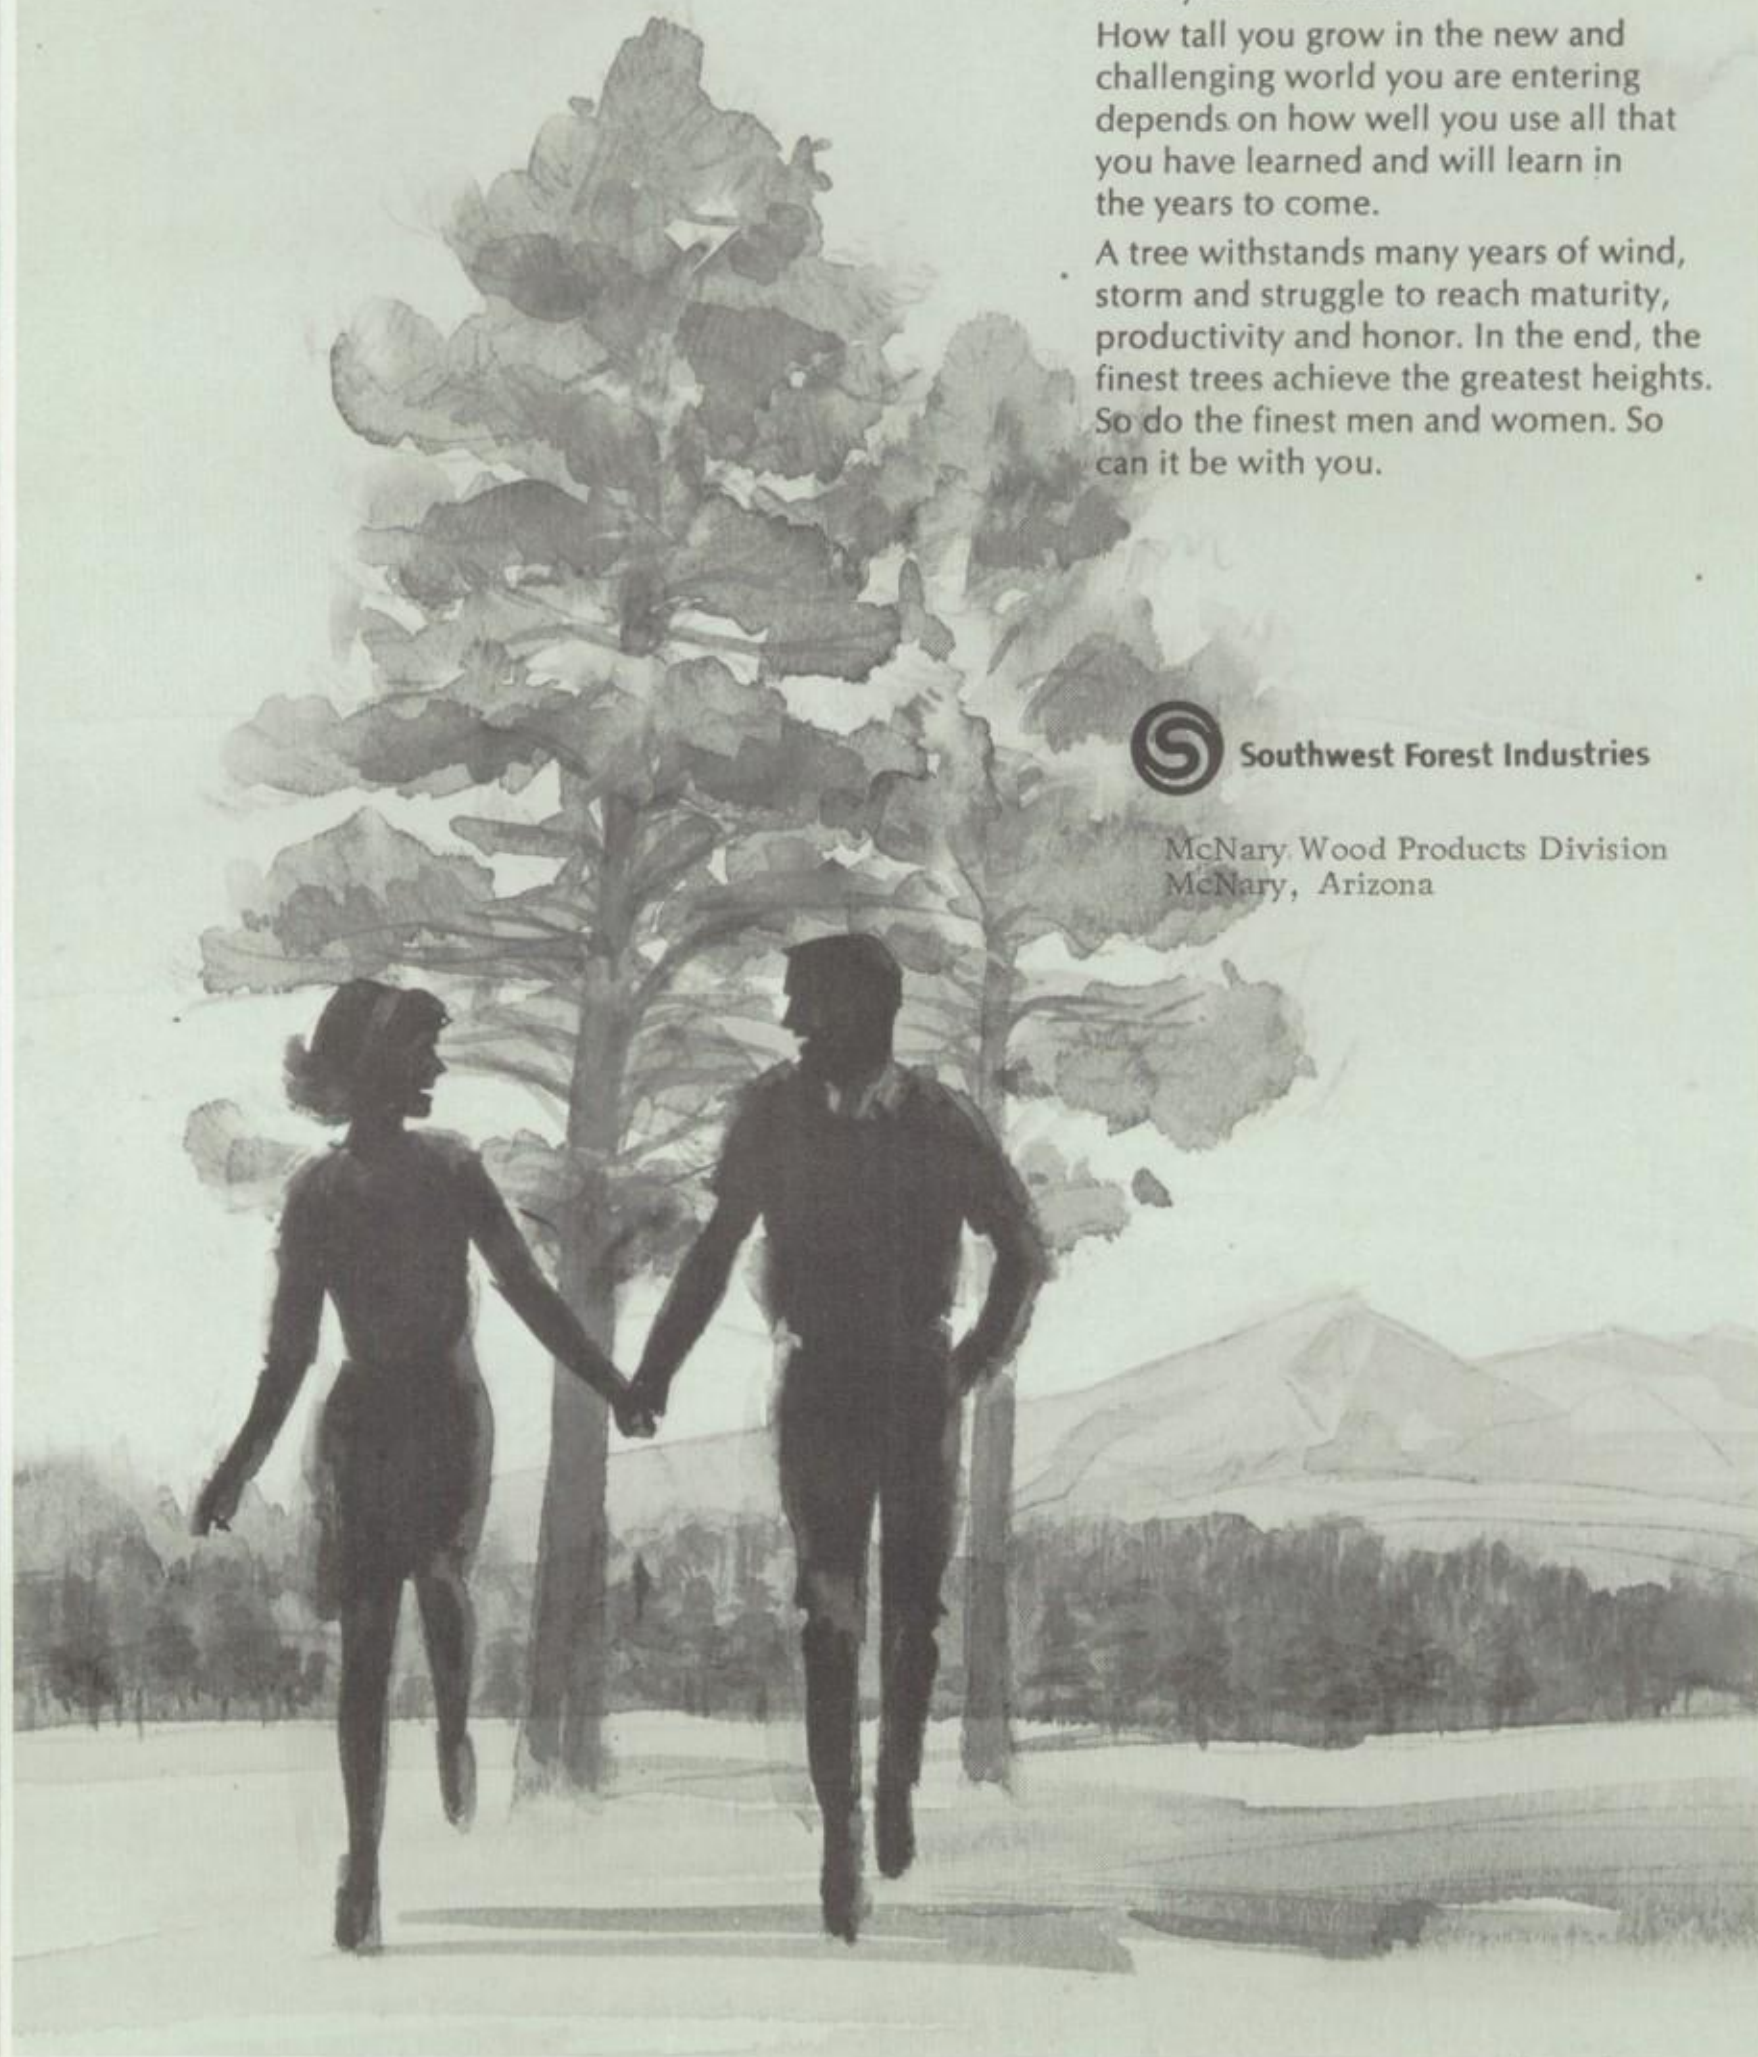

How tall you grow in the new and challenging world you are entering depends on how well you use all that you have learned and will learn in the years to come.

A tree withstands many years of wind, storm and struggle to reach maturity, productivity and honor. In the end, the finest trees achieve the greatest heights. So do the finest men and women. So can it be with you.

**FIRST
NATIONAL

thinks so!

Today, high school seniors have developed a sense of responsibility that includes a desire to manage their own financial affairs.

To encourage this desire for sound money management First National suggests you inquire about an inexpensive Custom Checking Account at any office of the bank where you come first.

If you plan on attending college in Arizona, be sure to ask about First National's free college checks and checkbook covers.
